The After-school Enrichment Program (ASEP) is the Club’s after-school drop in program held during the Triton Regional School Districts calendar year. A non-profit program open to all youth with a current Club membership ($40/yr).

Children choose and participate in activities covering the Club’s five core program areas. Members are assembled each afternoon in the gym and given a choice of activities offered each day. Members are also separated by grade level which insures a safe environment for children to interact and participate in organized structured activities.
